Majestic goes HD

Majestic has just launched an impressive range of TV's that now incorporate HD quality. Our new 19" Widescreen LCD TV is what everyone has been waiting for; a small case design, high gloss Piano Black finish and more importantly, all the inputs you could ever wish for.

Our 'state-of-the-art-technology' LCD panels, low power consumption capabilities and ultra light weight construction are just a few of the technical design aspects that Majestic have taken time to incorporate to ensure that every customer can experience true satisfaction when they use the **TM1910** HD LCD TV's. The high gloss piano black finish ensures that when you incorporate this TV into your RV or Boat, it is sure to make a statement that Majestic represents **QUALITY**.

With a proven history for producing outstanding quality designs for Outback and Marine applications, Majestic continues to use its 'high tech engineered' power supply to ensure stable, long term, reliable operation when operating on 12 volts. Take our 3 Year Global Warranty and combine it with the International experience Majestic has in this market; it becomes easy to see why we believe this is the **ONLY** TV for you.

When it comes to the best technology, Majestic is leading the way.
